Dear Fish, Chick and Hamster,

I want to take a moment to thank each of you for the joy and companionship you've brought into my life. Though you may be small your presence has had a big impact on my heart.

To the Fish thank you for your peaceful beauty and the calming effect you've had on me. Watching you swim gracefully through the water has been a source of tranquility and reflection.

To the colour Chicks thank you for your playful energy and the warmth you brought to my days. Your curious nature and tiny steps were always a reminder of the simple joys in life.

To the Hamster thank you for your fun-loving spirit and your never-ending curiosity. You've brought laughter into my home with your little adventures always reminding me to enjoy life's small moments.

Each of you has left a special mark on my heart and for that I am grateful.

“Each of you, with your unique charm, has brought joy and warmth into my life, leaving a paw print on my heart.”

With love and thanks,
Shalo
